"Outside Your Window: A First Book of Nature" by Nicola Davies and illustrated by Mark Hearld (Candlewick 2012) is a stunning work. The 110 page picture book progresses through the seasons, starting with spring. The poems are simple and straightforward for the most part. Which makes the author's occasional metaphors and similes light up her poems.

The Book of Nature is a religious and philosophical concept originating in the Latin Middle Ages which views nature as a book to be read for knowledge and understanding. There also was a book written by Conrad of Megenberg in the 14th century with the original German title of "Buch der Natur". Early theologians believed the Book of Nature was a source of God's revelation to mankind: when read alongside sacred scripture, the "book" of nature and the study of God's creations would lead to a knowle

"A wealth of ideas for adults to engage children and themselves in the wonders of the natural world with suggested activities for all seasons." Robert Bateman, artist and author of Life Sketches: A Memoir The Big Book of Nature Activities is a comprehensive guide for parents and educators to help youth of all ages explore, appreciate, and connect with the natural world. This rich, fully illustrated compendium is packed with crafts, stories, information, and inspiration to make outdoor learning fun! The Big Book of Nature Activities features:

- Nature-based skills and activities such as species identification, photography, journaling, and the judicious use of digital technology
- Ideas, games, and activities grounded in what's happening in nature each season
- Core concepts that promote environmental literacy, such as climate change and the mechanisms and wonder of evolution, explained using a child-friendly, engaging approach
- Lists of key species and happenings to observe throughout the year across most of North America

There is so much to know about the ever changing natural world, but it's impossible to remember everything we have ever learnt about the range of subjects encompassed by the term 'nature'. The Nature Book is a great guide to the natural world, both for the beginner and those who want to relearn the most important and interesting facts about our fascinating environment. Including:

- . Identifying rock formations
- . Names of berries
- . Flora and fauna
- . Phases of the moon
- . The seasons
- . Seas and rivers

Birds and other wildlife Comprehensive, yet accessible and entertaining, whether you're a walker who would like to be able to 'name that tree' or simply a gardener who wants to know more, The Nature Book is your one-stop guide to reconnecting and appreciating nature once more.

Babies and toddlers love the colours, shapes and feel of the plants and animals around them. In this book they will find an array of plants and animals that feel prickly, bumpy or slimy, can count the legs on a beetle, goat or spider, identify shapes and patterns from starfish, leopards and butterflies, or try to recognise an array of close-up photographs. Simple words identify each picture, helping to enrich vocabulary and develop early reading skills.
