Dr. Travis Langley '86 recently published *Batman and Psychology: A Dark and Stormy Knight*. Langley is a professor of psychology at Henderson State University in Arkadelphia and a self-described "superherologist," a "psychologist using superheroes to teach psychology and the psychology to analyze superheroes."

A journey behind the mask and into the mind of Gotham City's Caped Crusader, timed for the summer 2012 release of *The Dark Knight Rises*

# Read Book Batman And Psychology A Dark And Stormy Knight

Batman is one of the most compelling and enduring characters to come from the Golden Age of Comics, and interest in his story has only increased through countless incarnations since his first appearance in Detective Comics #27 in 1939. Why does this superhero without superpowers fascinate us? What does that fascination say about us? Batman and Psychology explores these and other intriguing questions about the masked vigilante, including: Does Batman have PTSD? Why does he fight crime? Why as a vigilante? Why the mask, the bat, and the underage

# Read Book Batman And Psychology A Dark And Stormy Knight

partner? Why are his most intimate relationships with "bad girls" he ought to lock up? And why won't he kill that homicidal, green-haired clown? Gives you fresh insights into the complex inner world of Batman and Bruce Wayne and the life and characters of Gotham City Explains psychological theory and concepts through the lens of one of the world's most popular comic book characters Written by a psychology professor and "Superherologist" (scholar of superheroes)

This updated edition of Dr. Travis Langley's beloved Batman and Psychology takes

# Read Book Batman And Psychology A Dark And Stormy Knight

readers into the psyches of Batman and the characters of Gotham City--exploring what makes them tick and why they have fascinated fans for decades.

Why doesn't Batman just kill the Joker and end everyone's misery? Can we hold the Joker morally responsible for his actions? Is Batman better than Superman? If everyone followed Batman's example, would Gotham be a better place? What is the Tao of the Bat? Batman is one of the most complex characters ever to appear in comic books, graphic novels, and on the big screen. What philosophical trials does

# Read Book Batman And Psychology A Dark And

**Stormy Knight**  
this superhero confront in order to keep Gotham safe? Combing through seventy years of comic books, television shows, and movies, Batman and Philosophy explores how the Dark Knight grapples with ethical conundrums, moral responsibility, his identity crisis, the moral weight he carries to avenge his murdered parents, and much more. How does this caped crusader measure up against the teachings of Plato, Aristotle, Kant, Kierkegaard, and Lao Tzu?

From his first comic-book appearance in 1939 through his many incarnations on the

# Read Book Batman And Psychology A Dark And Stormy Knight

big screen, the archetypal superhero known as The Batman has never been far from the American consciousness. The character shaped the way we read comics and graphic novels, view motion pictures, and analyze the motifs of the Hero, the Anti-Hero and the Villain. He has also captured the scholarly imagination, telling us much about our society and ourselves. These essays examine how Batman is both the canvas on which our cultural identity is painted, and the Eternal Other that informs our own journeys of understanding. Questions relating to a wide

# Read Book Batman And Psychology A Dark And Stormy Knight

range of disciplines—philosophy, literature, psychology, pop culture, and more—are thoroughly and entertainingly explored, in a manner that will appeal both to scholars and to fans of the Caped Crusader alike.

Batman dresses in costume, spends a good part of his wealth to support the lifestyle of his bat-alter ego, and puts his life on the line nightly. There must be something wrong with him, right? This question is that heart of "What's the Matter With Batman?" Clinical psychologist and Abnormal Psychology author Robin

# Read Book Batman And Psychology A Dark And Stormy Knight

Rosenberg delves into the mind of Batman. She examines his problems, "issues," and possible symptoms to determine whether he suffers from any of a variety of psychiatric disorders such as depression, posttraumatic stress disorder, obsessive-compulsive disorder, antisocial personality disorder, and others. Dr. Rosenberg also addresses why he trains minors to be sidekicks in his dangerous profession, as well as his disappointing love-life. Dr. Rosenberg is uniquely qualified to examine Batman in this light; she writes college-level psychology textbooks and writes

# Read Book Batman And Psychology A Dark And Stormy Knight

extensively about psychology and superheroes. She is series editor of the Superhero series with Oxford University Press and has been featured discussing psychology and superheroes in various media including The Discovery Channel, The History Channel, the Financial Times, National Public Radio, Pacific Standard magazine, the Boston Phoenix and the documentary "Superheroes."

Since he first fought Batman in 1940, The Joker has evolved into one of pop culture's most complex, chaotic, and confounding psychological creations. In

# Read Book Batman And Psychology A Dark And Stormy Knight

The Joker Psychology, Dr. Travis Langlely, author of the bestselling Batman and Psychology, explores the twisted psyche of this great supervillain, as well as the personalities who are inexorably drawn to it. Through 15 chapters, including special interviews with the people who have brought the Joker and Harley to life in comics and onscreen, this collection analyzes: Why a bright, laughing monster who looks like a clown could be the ultimate antagonist to a grim, brooding hero who looks like a monster. The relationship between a therapist and her

# Read Book Batman And Psychology A Dark And Stormy Knight

patient--and what happens when a therapist crosses the line, as Harley Quinn does when she falls for The Joker. How a smart person could fall for the most dangerous of criminals. Why so many fans find Harley Quinn inspirational. How different kinds of therapy could (or could not) help twisted minds like Mister J and Harley Quinn. The development of a fictional character that so completely embodies psychopathy (including interviews with creators who have shaped The Joker's character over the years).

This is a book about the

# Read Book Batman And Psychology A Dark And Stormy Knight

comics genre and language, how these were used to create Batman, and how that character's longevity is largely due to the medium's unique formal qualities. It argues that Batman's core appeal is his mythic nature which allows him to transcend changes in reader tastes, the vicissitudes of the comics industry, and the changing media landscape. While including some historical elements, it is mostly a study of how the formal aspects of comics are able to evoke uniquely mythic qualities that have made Batman such a long-lived cultural phenomenon and how efforts to adapt

# Read Book Batman And Psychology A Dark And Stormy Knight

these qualities into other media, particularly live-action feature films, have succeeded or failed based on the strategies employed. The book sheds light both on comics as a medium and art form with its own language, syntax and codes and on the process of adaptation—a growing area of study, given Hollywood's continuing interest in working with comic book superheroes.

He's the most difficult enemy Batman has ever faced. Will Batman be able to defeat the Joker before he puts his master plan into effect?

# Read Book Batman And Psychology A Dark And Stormy Knight

From the very start, the Star Wars series created a compelling and complex universe. In advance of the highly anticipated new movie, this essay collection offers a fascinating and unauthorized psychological analysis of George Lucas's richly rendered world. A group of expert contributors examines such topics as family ties, Jedi qualities, masculinity, girl power, and the values embodied in both the "dark" and "light" sides of this spellbinding world.
