The Journal of Optimization Theory and Applications publishes carefully selected papers covering mathematical optimization techniques and their applications to science and engineering. An applications paper should be as much about the application of an optimization technique as it is about the solution of a particular problem.

International Journal of Modeling and
Optimization (IJMO) is an international
academic open access journal which
gains a foothold in Singapore, Asia
and opens to the world. It aims to
promote the integration of modeling
and optimization. The focus is to
publish papers on state-of-the-art
modeling and optimization. Submitted

The Journal of Global Optimization publishes carefully refereed papers that encompass theoretical, computational, and applied aspects of global optimization. While the focus is on original research contributions dealing with the search for global optima of non-convex, multi-extremal problems, the journal's scope covers optimization in the widest sense, including nonlinear, mixed integer, combinatorial, stochastic, robust, multi-objective optimization, computational geometry, and ...
