" Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times. " —Malcolm Gladwell, author of New York Times bestsellers David and Goliath and Outliers " One of the most mesmerizing and important books I ' ve read in quite some time. Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses, our families, and our sanity. " —Adam Grant, New York Times bestselling author of Originals and Give and Take Welcome to the age of behavioral addiction—an age in which half of the American population is addicted to at least one behavior. We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. Though these miraculous products melt the miles that separate people across the globe, their extraordinary and sometimes damaging magnetism is no accident. The companies that design these products tweak them over time until they become almost impossible to resist. By reverse engineering behavioral addiction, Alter explains how we can harness addictive products for the good—to improve how we communicate with each other, spend and save our money, and set boundaries between work and play—and how we can mitigate their most damaging effects on our well-being, and the health and happiness of our children. Adam Alter's previous book, Drunk Tank Pink: And Other Unexpected Forces that Shape How We Think, Feel, and Behave is available in paperback from Penguin.

A New York Times bestseller! A revelatory look at how our environment unconsciously yet dramatically shapes the judgments and decisions we make every day Most of us go through life believing that we are in control of the choices we make—that we think and behave almost independently from the world around us. But as Drunk Tank Pink illustrates, the truth is our environment shapes our thoughts and actions in myriad ways without our permission or even our knowledge. Armed with surprising data and endlessly fascinating examples, Adam Alter addresses the subtle but substantial ways in which outside forces influence us—such as color ' s influence on mood, our bias in favor of names with which we identify, and how sunny days can induce optimism as well as aggression. Drunk Tank Pink proves that the truth behind our feelings and actions goes much deeper than the choices we take for granted every day.

'Fascinating' Malcolm Gladwell 'Your sanity will thank you for reading it' Oliver Burkeman Our world is filled with addictive experiences, from social media and messaging to rolling news and video streaming. They affect our ability to relax, develop relationships and achieve meaningful goals. Psychologist Adam Alter explains why we can't stop scrolling, clicking and watching. And offers practical advice for using technology differently - and leading a happier life. 'Brilliant. Irresistible offers...much-needed solutions' Susan Cain, author of Quiet 'Essential reading... Regain control of your time, finances and relationships' Charles Duhigg, author of The Power of Habit 'With great clarity...Irresistible digs down into exactly how technology has us hooked' The Times

A fascinating journey into the hidden psychological influences that derail our decision-making, Sway will change the way you think about the way you think. Why is it so difficult to sell a plummeting stock or end a doomed relationship? Why do we listen to advice just because it came from someone " important " ? Why are we more likely to fall in love when there ' s danger involved? In Sway, renowned organizational thinker Ori Brafman and his brother, psychologist Rom Brafman, answer all these questions and more. Drawing on cutting-edge research from the fields of social psychology, behavioral economics, and organizational behavior, Sway reveals dynamic forces that influence every aspect of our personal and business lives, including loss aversion (our tendency to go to great lengths to avoid perceived losses), the diagnosis bias (our inability to reevaluate our initial diagnosis of a person or situation), and the " chameleon effect " (our tendency to take on characteristics that have been arbitrarily assigned to us). Sway introduces us to the Harvard Business School professor who got his students to pay \$204 for a \$20 bill, the head of airline safety whose disregard for his years of training led to the transformation of an entire industry, and the football coach who turned conventional strategy on its head to lead his team to victory. We also learn the curse of the NBA draft, discover why interviews are a terrible way to gauge future job performance, and go inside a session with the Supreme Court to see how the world ' s most powerful justices avoid the dangers of group dynamics. Every once in a while, a book comes along that not only challenges our views of the world but changes the way we think. In Sway, Ori and Rom Brafman not only uncover rational explanations for a wide variety of irrational behaviors but also point readers toward ways to avoid succumbing to their pull.

A book for anyone who cares deeply about the future of the church. Once upon a time there was a version of our faith that was practically . . . irresistible. But that was then. Today we preach, teach, write, and communicate as if nothing has changed. As if " The Bible says it," still settles it. It ' s time to hit pause on much of what we ' re doing and consider the faith modeled by our first-century brothers and sisters who had no official Bible, no status, and humanly speaking, little chance of survival. What did they know that we don ' t ? What made their faith so compelling, so defensible, so irresistible? Buckle up . . . you ' re about to find out. More importantly, Andy will invite you to embrace the version of faith that, against all odds, initiated a chain of events resulting in the most significant and extensive cultural transformation the world has ever seen. A version we must embrace if we are to be salt and light in an increasingly savorless and dark world. " More than any other book I ' ve read in years, Irresistible has stretched my view of Scripture. I can ' t hear or read a passage from the Old or New Testaments without thinking about Andy ' s provocative insights. If you and I take this book seriously, our lives and our churches will never be the same. " —Kara Powell, PhD, executive director of the Fuller Youth Institute and coauthor of Growing Young " Irresistible is like a once-in-a-generation shot across the bow. Andy Stanley takes a lifetime of accumulated insight and wisdom about the Christian faith, history, and why the church isn ' t connecting with our current culture, and combines them together in a masterpiece work. " —Carey Nieuwhof, author and founding pastor, Connexus Church " Warning: This book will set you and your ministry back—back to the first century and the approach to advancing the gospel modeled by Jesus and the apostles. Andy reminds us that the resurrection was at the center of the first-century apologetic. Then he challenges twenty-first-century believers to reclaim it as the center of ours as well. I agree with Andy—this approach changed the world once. I ' m convinced it could do so again. Read and apply now! " —Frank Turek, Christian author, public speaker, and radio host " This book challenged me to rethink my thoughts about the Old Testament, discuss with fellow believers what I was learning, do more connecting and less correcting of others, and be salt and light, making things better and brighter. I love how Andy loves people . . . ALL of them. " —John Maxwell, author of The 360 Degree Leader " It ' s time for the church to rethink how it presents a timeless gospel to this generation. In Irresistible, Andy Stanley challenges us to make sure we handle the Scriptures with the kind of integrity that compels everyone to seriously consider following Jesus. Any Christian who reads this book will suddenly find themselves embracing the mission of Jesus with a new passion. " —Reggie Joiner, author; founder and CEO of Orange " Andy Stanley takes you on a historic journey to rediscover the first-generation passion of what it means to faithfully follow Christ. This book will knock you off center, push you out of complacency, and reawaken an unshakable faith that cannot be ignored. " —Craig Groeschel, pastor of Life.Church and author of Hope in the Dark—Believing God Is Good When Life Is Not

A collection of science experiments and activities, arranged in such categories as "Physical Attractions," "Curious Chemistry," and "Freaky Fluids."

"I love everything that Scott Sauls writes." -- Christine Caine What if Christians became the best advertisement for Jesus? Jesus said his followers would be a light to the world and a city on a hill--a warmly inviting, neighbor-loving, grace- and truth-filled destination for all. He envisioned his followers as life-giving neighbors, bosses, employees, and friends, the kind of people who return insults with kindness and persecution with prayers. Rooted in biblical convictions, they would extend love, empathy, and care to one another as well as to those who don't share their beliefs. Over time their movement would become irresistible to every nation, tribe, and tongue. Irresistible Faith is a blueprint for pursuing this vision in our current moment, of redeemed individuals and a renewed community working for a restored world. This is a way of being that gives a tired, cynical world good reason to pause and reconsider Christianity--and to start wishing it was true. "I miss the kind of church Scott describes in this book, and I don ' t think I am alone." -- Donald Miller, author of Blue Like Jazz and Building a StoryBrand "An important call to resist the urge to lobby and position ourselves, but rather to be driven by gospel-powered love." -- Raechel Myers, founder and CEO of She Reads Truth "An antidote to much that is wrong with our Western, American version of Christianity." -- Gabe and Rebekah Lyons, authors and founders of Q

Winner of the Zó calo Book Prize Shortlisted for the Arthur Ross Book Award Longlisted for the Andrew Carnegie Medal for Excellence A New York Times Book Review Editors ' Choice A "powerful and cogent" (Bethanne Patrick, Washington Post) account of the twentieth-century battle for immigration reform that set the stage for today ' s roiling debates. The idea of the United States as a nation of immigrants is at the core of the American narrative. But in 1924, Congress instituted a system of ethnic quotas so stringent that it choked off large-scale immigration for decades, sharply curtailing arrivals from southern and eastern Europe and outright banning those from nearly all of Asia. In a riveting narrative filled with a fascinating cast of characters, from the indefatigable congressman Emanuel Celler and senator Herbert Lehman to the bull-headed Nevada senator Pat McCarran, Jia Lynn Yang recounts how lawmakers, activists, and presidents from Truman through LBJ worked relentlessly to abolish the 1924 law. Through a world war, a refugee crisis after the Holocaust, and a McCarthyist fever, a coalition of lawmakers and activists descended from Jewish, Irish, and Japanese immigrants fought to establish a new principle of equality in the American immigration system. Their crowning achievement, the 1965 Immigration and Nationality Act, proved to be one of the most transformative laws in the country ' s history, opening the door to nonwhite migration at levels never seen before—and changing America in ways that those who debated it could hardly have imagined. Framed movingly by her own family ' s story of immigration to America, Yang ' s One Mighty and Irresistible Tide is a deeply researched and illuminating work of history, one that shows how Americans have strived and struggled to live up to the ideal of a home for the " huddled masses," as promised in Emma Lazarus ' s famous poem.

It all starts as pretend... My best friend, and one of the most powerful men in New York, needs my help. Our first kiss is unexpected—but it still makes my skin sizzle, my knees go weak. The next one is in front of his tight-knit family. We have to be convincing. But it ' s so wicked hot, it almost fools me too. On our first night together, he tells me that I have to keep us both in check, because he doesn' t know how to keep the lines from blurring... He touches me like I ' m precious, and holds me close... barely stopping his fingers from pushing down the straps of my dress... Our second night is sexy as hell. Intense. Alluring. How am I supposed to not fall in love?

Can two people with broken hearts help each other to heal? When I interview for the position of nanny for a billionaire's three-month-old daughter, I'm looking for an escape. From my past, from my memories, and from those both alive and dead who refuse to give me peace. Kingfisher House is exactly what I need—a huge, quiet retreat high atop the cliffs overlooking New Zealand's rugged coastline, straight out of a Gothic novel. It even has its own brooding hero. Ben Prince is gorgeous, stern, and withdrawn, and he's forbidden everyone to discuss what happened to baby Estella's mother. It's only as I delve deeper into his life that I discover although his heart has been broken, it's not for the reasons I first thought. We're both determined not to get involved. But as we reveal each other's secrets, heat rises between us until it's too strong to fight. All we can do is hope it doesn't consume us completely...
