Lifelong learning: the challenge of the later years

Lifelong learning in later life is an essential handbook for a wide range of people who work alongside older adults in varied contexts. While no single book can make claim to comprehensiveness, this interdisciplin-ary publication builds on important earlier work in lifelong learning and social gerontology, presenting a full range of perspectives on what it means to be an older learner in contemporary societies.

Lifelong Learning in Later Life: A Handbook on Older Adult...

Lifelong learning is important because it helps us to develop as humans. While many theorists once believed that human development peaks at age 20-25, we increasingly understand the importance of learning to help us develop into our old age. We might call learning in older ages the ' getting of wisdom ' .

What is Lifelong Learning? (2020)—Benefits & Examples

Sometimes things come along that prove to be very fundamental to your quality of life, and I would put coming here into that category. Adrian McNeill Centre for Lifelong Learning student

Centre for Lifelong Learning | University of Strathclyde

The Centre for Lifelong Learning (CLL) has been offering classes to adults for almost 40 years and prides itself on providing learning which meets the needs of its diverse student community. At this unprecedented time, we are committed to keeping our students engaged with their learning and each other. To this end we have moved all teaching online until such time as social distancing permits us to return to CLL.
