in its annual book, Virginia Local Tax Rates. This publication allows you to compare local government tax policies across Virginia and provides detailed background information on local taxes rates. All cities and counties participated in the latest 2018 survey, as did 133 of the 190 incorporated towns. The survey's results, plus additional information from other sources, provide a comprehensive picture of local tax policies in the state. The text includes descriptions of authorizing state statutes, the various tax categories, and statewide statistics including ranges and averages. Anyone involved with local governments in Virginia, either as a taxpayer, elected official, administrator, business leader, or researcher, will find this an indispensable resource.
