You can if you think you can. Let me explain why I believe this is true. One of the most important things you need to be successful is to believe in your ability, believe in yourself (Robbins, 2004). It's easier said than done, I know.

You Can If You Think you Can - Believe and you can do it!

If You Think You Can Or You Can't You're Right. One of the fabled sayings that resonates most with me comes from Henry Ford. He says that if you think you can or you can't, you're right. To me, it speaks volumes. Most of us fail before we even start towards a goal because we lack the belief in ourselves. If you don't believe you can achieve something, how can you expect to follow through with it?

the vital knowledge of inner power to carry you over every obstacle. *The Art of Real Happiness* (written with Smiley Blanton, M.D.). An unusual blend of age-old truths and modern psychiatric techniques. Peale and Blanton identify -- and show how to overcome -- essential problems and conflicts that so often plague us and frustrate our chances for happiness.

The greatest thinkers, teachers, and philosophers all agree on one important lesson: our thoughts create our life. What we think about comes about. *If You Think It* reminds us that our lives move in the direction of our thoughts. Are you predominantly optimistic or pessimistic? Positive or negative? We may not know which came first, the chicken or the egg. But we do know this: first comes thought, then comes results. It may be counterintuitive, but what happens to us does not color our view of the world. Our view of the world colors what happens to us. Understanding that one small point can change everything. That is the power and importance of this teaching.

Even with enormous potential, most people set out unequipped to achieve their goals and dreams. Just as there are laws that govern nature, there are also laws that govern performance and achievement. Unfortunately, people are either unaware of them, and therefore do not align themselves accordingly, or they simply are not applying them consistently. As a result, many people seek to achieve goals, but find that the results they desire constantly elude them. The reality is that you have greatness within. Your potential is enormous. However, in order to unleash your potential and achieve your goals, you must understand and apply the governing laws that turn dreams into reality. There are proven laws of success that starts with the way you think. This book provides simple strategies and tactics for achieving success. Over the last few hundred years of recorded history, the common denominators that lead to personal achievement have consistently surfaced. By changing your thinking about yourself and by applying the 13 laws within this book, you can begin making your goals a reality. Within the pages of this book are powerful stories and examples of success and failure that will inspire all who read them. TJ shows you what habits must be formed and what steps must be taken to achieve any goal you set. Simple and concise, "*If You Think You Can!*" is a source that will help you achieve whatever you want in life.

A fascinating firsthand account of life during the U.S. Civil War as told by a husband and wife through the letters they shared with one another.
